About Me

My work is heavily focused on character exploration and using 2D animation to craft emotionally resonant stories. I animate my films frame by frame in an illustrative style and craft each element myself - from writing all the way to compositing. In addition to film making, I've animated for TV, been a dedicated designer for a company where I helped deliver multiple seasonal campaigns and freelanced for multiple independent clients.

Employment

JUN 2024 - NOW	Animator - Sun & Moon (remote) - Maddie + Triggs
MAY 2024 - AUG 2024	Freelance animatic artist - private client
